The Story of Deep Love

Yoshiyuki, who has given up hope in finding Ayu, has appeared at Platinum, a host club in Shibuya

“Throw your feelings away and make money from women”

Yoshiyuki, who used his eyes and cold smile as weapons as a host, ended up becoming the manager of Platinum, which caused a big commotion.

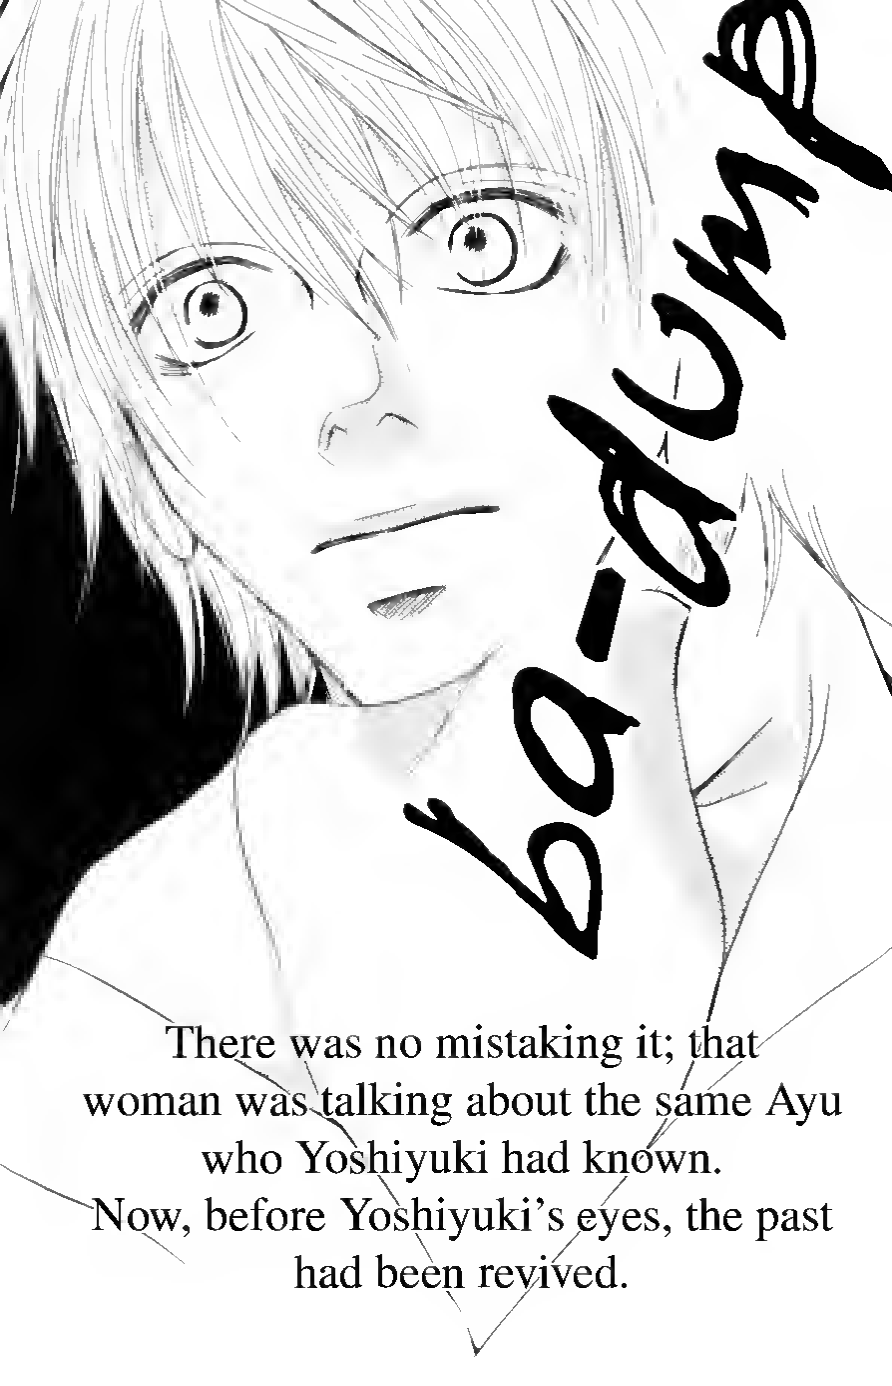
WAS NAMED AFTER THAT FRIEND.



There was no mistaking it; that woman was talking about the same Ayu who Yoshiyuki had known.
Now, before Yoshiyuki's eyes, the past had been revived.

THE SMELL OF SPRING, HUH?

People must understand things beyond just what they can see with their eyes. Customers see and do objects, but are unaware that they too are becoming objects. Eyes can see and have seen, but eventually money will surpass even the hands that create it.

MAMA
ONE TIME, SHE TOOK ME TO A PLACE CALLED OKINAWA.
AYU-CHAN, YOU LIKE THE SKY?
YEP!
HER FRIEND TOOK ME TO A PLACE TO LOOK AT THE SKY, AND SHE SAID "LET'S LOOK TOGETHER!"
IT WAS SO BLUE.
IT SEEMED TO SPARKLE

SO SHE CAN WATCH OVER ME FROM THERE.

AYU WAS PROBABLY BORN THAT WAY.

I THINK YOU ARE AYU'S FIRST HUMAN FRIEND.

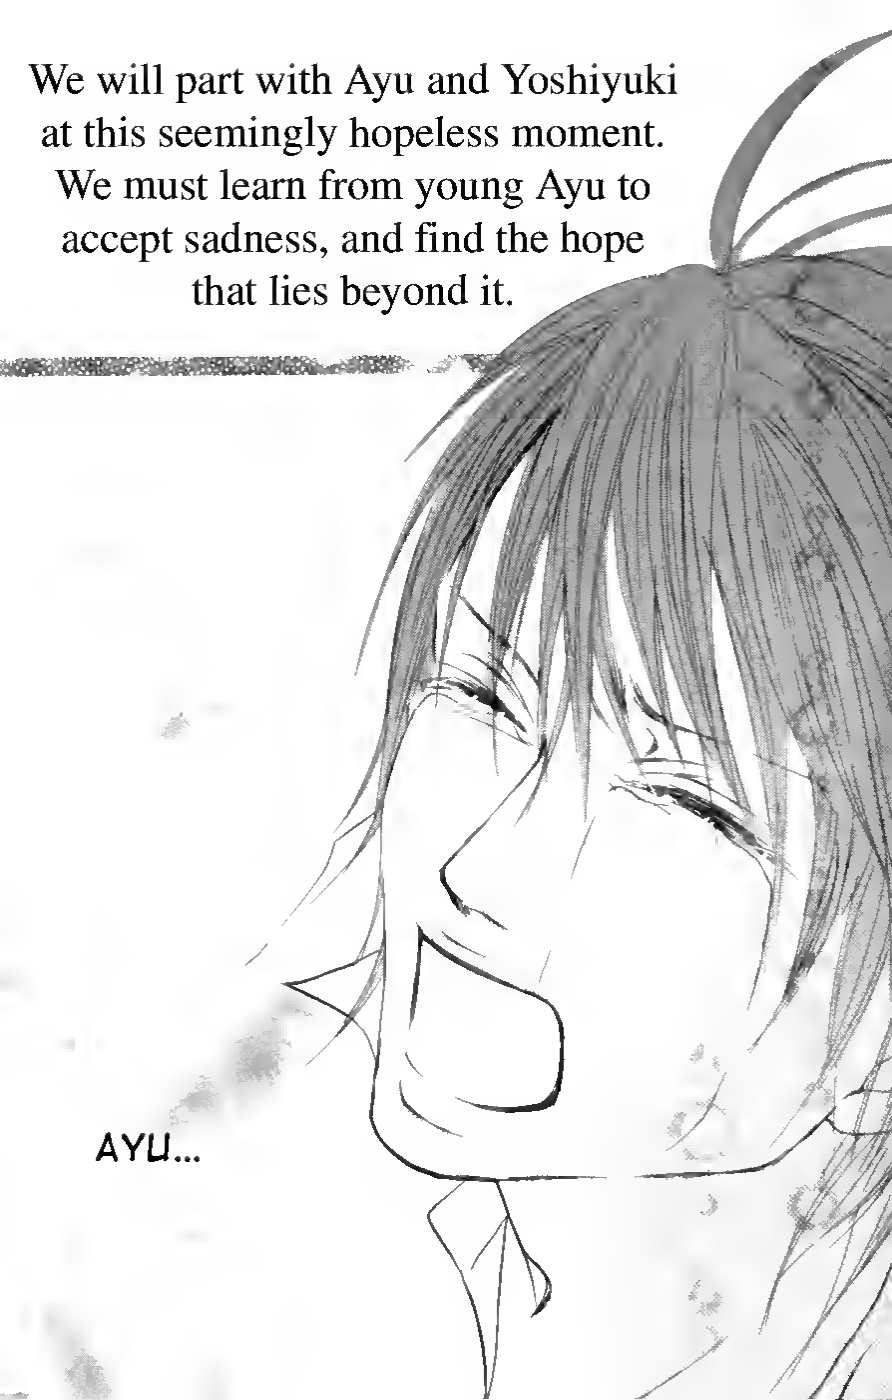
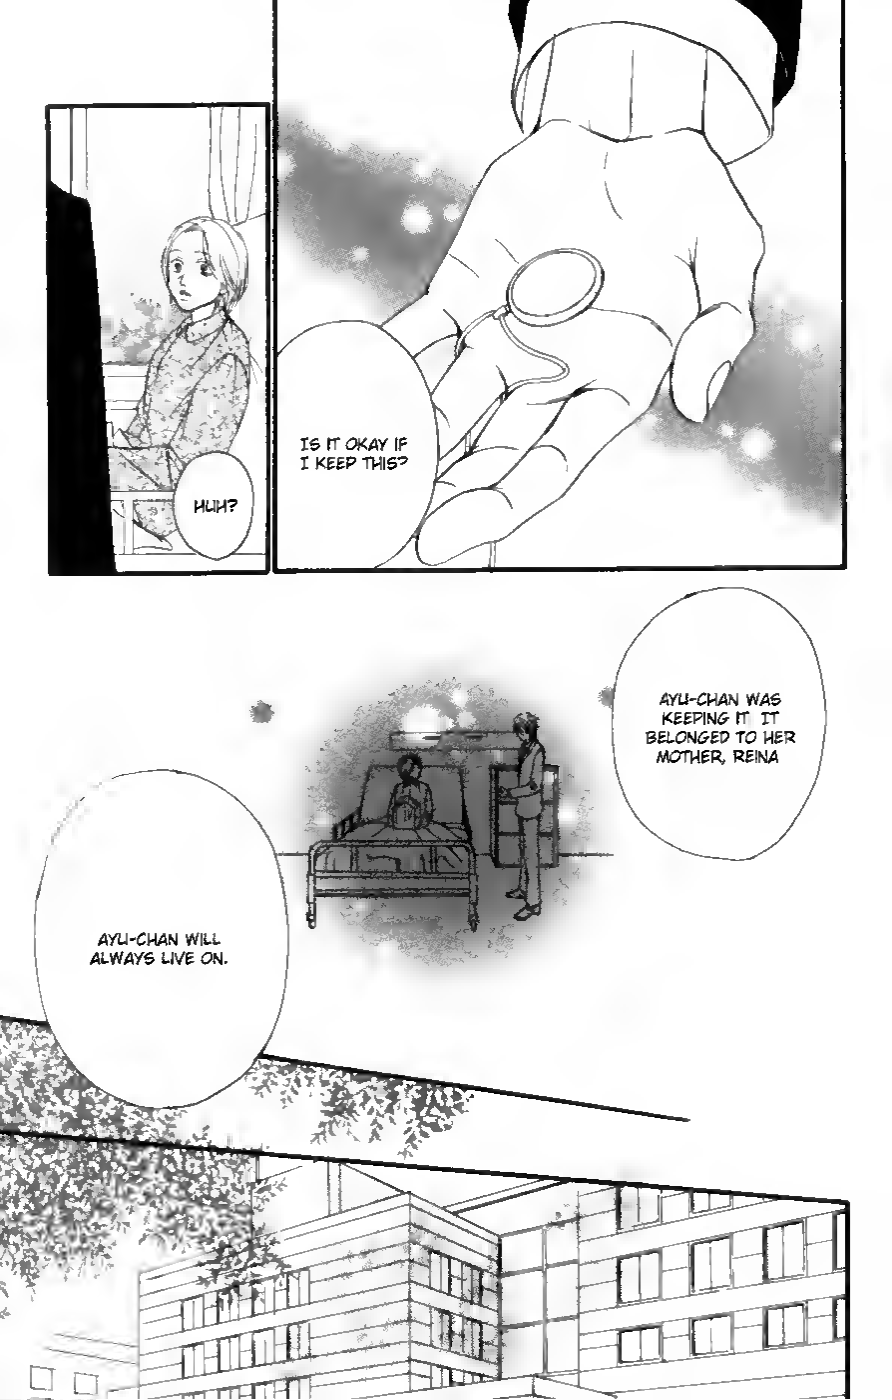
BOTH OF THOSE FEELINGS...
SADNESS AND HOPE."

Happiness and grief are two entirely different feelings. We must accept both and continue with our lives.

We will part with Ayu and Yoshiyuki at this seemingly hopeless moment. We must learn from young Ayu to accept sadness, and find the hope that lies beyond it.



SO THAT'S WHAT HAPPENED...
IN THAT CASE...
NO..
I HAVE ONE MORE QUESTION, REGARDING AYU ..
clutch



IS IT OKAY IF I KEEP THIS?
HUH?
AYU-CHAN WAS KEEPING IT. IT BELONGED TO HER MOTHER, REINA
AYU-CHAN WILL ALWAYS LIVE ON.

I'LL BE SEEING YOU... AYU...

Hello, Hello Nice to meet you, or long time no see This is Yoshi.

I've drawn a lot of "Deep Love" since I started, but this last chapter, the earthquake, was the most challenging I had to do a lot of research about earthquakes from the past 10 years, and finally, the Sakakami Earthquake

I was 14 at the time, and it caused a lot of damage between Kobe and the mountain where I lived.

All the houses around me collapsed, many died, and water was coming out of pipes everywhere The after-shocks were scary, and school was cancelled for a long time

Right now, I'm talking to my friend about this. The streets in Kobe aren't much prettier than how I remember them.

However, going through this research reminded me of all the things I hated. Earthquakes are natural disasters, but I still hate them.

Thank you very much to everyone who has read up to this point!!

We'll meet again.
